

Modern Girl

Meat Loaf

Once a beautiful Miss America,
married Mr. Right.
Had a little baby girl,
born on a stormy night. But that was once upon a time,
now it's a brand new world.
Gimme the future, gimme the future,
gimme the future with a modern girl.
Gimme the future, gimme the future,
gimme the future with a modern girl. Somewhere just between the past
and somethin' dawnin' new.
There's a break in the chain,
a skip in the clock,
girl that's where I'm gonna find you.
Between the boy I was before
and what I'm gonna be.
There's a clash on the border,
a flame in the sky,
girl that's where you gonna find me. Can't ya hear the planet groanin',
like a broken down machine.
Rusted with the guilty tears
of fallen kings and queens. But you and I stand innocent,
baby it's a brand new world.
Gimme the future, gimme the future,
gimme the future with a modern girl.
Gimme the future, gimme the future,
gimme the future with a modern girl. (Gimme the future, gimme the future,
gimme the future with a modern girl.)
We're the son and the daughter on a new freeway,
(Gimme the future, gimme the future)
laughin' while the road maps blow away,
(gimme the future with a modern girl)
we're the son and the daughter and we ain't afraid,
(Gimme the future, gimme the future)
won't be makin' the mistakes our fathers made.
(Gimme the future with a modern girl) (Gimme the future, gimme the future,)
Oh gimme the future with a modern girl.
(Gimme the future, gimme the future,)
Oh gimme the future with a modern girl. (Musical Part) Once a beautiful Miss America,
