

# I Never Told You What I Do for a Living

## My Chemical Romance

Stay out of the light  
Or the photograph that I gave you  
You could say a prayer if you need to  
But just get in line and I'll grieve you  
Can I meet you alone?  
Another night and I'll see you  
Oh, another night and I'll be you  
Some other way to continue  
To hide my face  
Another knife in my hands  
A stain that never comes off the sheets  
Clean me off  
I'm so dirty, babe  
The kind of dirty where the water never cleans off the clothes  
I keep a book of the names and those  
Only go so far  
'Til you bury them  
So deep and down we go  
Touched by angels though I fall out of grace  
I did it all so maybe  
I'd live this every day  
Another knife in my hands  
A stain that never comes off the sheets  
Clean me off  
I'm so dirty, babe  
It ain't the money and it's sure as hell ain't just for the fame  
It's for the bodies I claim and lose  
Only go so far  
'Til you bury them  
So deep and down we go  
Down  
And down we go  
And down we go  
And down we go  
And we all fall down  
I tried I tried  
And we'll all dance alone to the tune of your death We'll love again  
We'll laugh again  
And it's better off this way  
And never again And never again  
They gave us two shots to the back of the head  
And we're all dead now

Well, never again And never again  
They gave us two shots to the back of the head and we're all dead now  
I tried  
One more night One more night  
Well I'm laughing out, crying out, laugh out!  
I tried  
Well I tried  
Well I tried  
'Cause I tried  
But I lied  
I lied  
I tried  
I tried  
I tried  
And we'll love again We'll laugh again.  
We'll cry again and we'll dance again  
And it's better off this way  
So much better off this way  
I can't clean the blood off the sheets in my bed  
Well, never again  
And never again  
They gave us two shots to the back of the head  
And we're all dead now
