

Freedom Ride

Keri Hilson

Wish you were in my bed
Box of tissues there are instead
And the only thing in my head
What did she do right? Why? I know we ain't together
But now I know I don't get better than you
But you don't feel the same about me
What did she do right? Oh We went on a freedom ride
To see what's on the other side
And promised we would reunite
But somebody changed your mind
Now you are alone
Unfinished business
Thought we were built to win this
And now you wanna end it
What didn't I do right? We were supposed to just taste it
I never thought you'd get wasted
And I was foolishly waiting
What didn't I do right? We went on a freedom ride
To see what's on the other side
And promised we would reunite
But somebody changed your mind
Now you are in love I think she will understand
If you decide to try again
Maybe we are better off
Knowing she don't exist
I'm taking this risk
Let us reverse, just reverse
Oh, I wish we never would
Boarded that train We went on a freedom ride
To see what's on the other side
And promised we would reunite
But somebody changed your mind
Now you're in love Now you're in love, yeah
Now you're in love, yeah
Somebody changed your mind
