

# Bitter

## Meshell Ndegeocello

You push me away  
Bitterly  
My apologies fall on your deaf ears  
You curse my name  
Bitterly  
And now your eyes they look at me  
Bitterly I stand ashamed  
Amidst my foolish pride  
Cuz for us, there'll be no more  
For us, there'll be no more  
And now my eyes  
They look at you  
Bitterly  
Bitterly
