

Miley Cyrus (feat. Future)

French Montana

I let the goons drive the Lambo
Twenty choppers like I'm Rambo (Montana, Hendrix!)
I'mma always keep that carbon on me
A million cash wit a bad one on me
Richest nigga in the world
[?] with that Lambo on me
All this cash left me traumatize
A nigga looking for an alibi
That homicide had me traumatized
I'm just looking for an alibi
I'm just looking for an alibi
These bad bitches don't mean shit to me
Never let you bitches get to me
Pray for me got it tatted on me
Switching lanes up in the 'Rari
Drinking lean getting high
And fuck them hoes for another night
Drinking lean got me with this shit
Chasing all this money got me with the shit
Fuck them hoes they got with the shit
And fuck them niggas they be with the shit Pull up in foreigners that's the life we love
Pull up in foreigners that's the life we love
Pull up in foreigners that's the life we live
You getting money wake up to a bill
Miley Cyrus got me whipping shit
Miley iley got me out of here
Miley Cyrus got me whipping shit
Miley iley got me out of here
Swear to God we'll never change
Swear to God we'll never change
I'm just looking for an alibi
That homicide left me traumatized Try to get it they was laughing
Cop the European press the gas
All my diamonds flashy
Was hustling by the pole got me buy a pole
Couldn't Micheal Jordan so I J. Coled
I left the beaker hit the baking soda
Came with some real niggas and we taking over
All this money on me, all this money on me
Never let these pussy niggas take it off on me
Cause everything but my phone on 100%
Cause everything but my phone on 100% Miley Cyrus got me whipping shit

Swear to God we'll never change
