Hold The Line (feat. A R I Z O N A)

Avicii

[Verse 1] Crossbows and arrows The smoke in the shadows You'll lose your mind Standing on the battle line Starting to choke on Your heart in your throat and It feels just like You can't remember how to fight [Pre-Chorus] We'll crack before we shatter We can't fall apart[Chorus] We don't get to die young Trouble keeping our head sometimes We just have to push on We don't get to give up this life All the breath in your lungs Is stronger than the tears in your eyes It's do or die But we're alive And while we're here Will hold the line[Drop] [Verse 2] Don't hold your hands up It's your final stand Put your white flag down Oh don't you surrender now No hero's story There's no blaze of glory But dawn only comes At the end of the night[Pre-Chorus] We'll crack before we shatter We can't fall apart[Chorus] We don't get to die young Trouble keeping our head sometimes We just have to push on We don't get to give up this life All the breath in your lungs Is stronger than the tears in your eyes It's do or die But we're alive

And while we're here

Will hold the line[Drop]
