

# Witness

Sarah McLachlan

Make me a witness  
take me out  
out of darkness  
out of doubt I won't weigh you down  
with good intention  
won't make fire out of clay  
or other inventions Will we burn in heaven  
like we do down here  
will the change come  
while we're waiting  
Everyone is waiting And when we're done  
soul searching  
as we carried the weight  
and died for a cause  
is misery  
made beautiful  
right before our eyes  
will mercy be revealed  
or blind us where we stand Will we burn in heaven  
like we do down here  
will the change come while we're waiting  
everyone is waiting  
Will we burn in heaven  
like we do down here  
will the change come while we're waiting  
everyone is waiting
