## **Only Love Can Hurt Like This**

## Paloma Faith

I tell myself You don't mean a thing But what we got Got not hold on me But when you're not there I just crumble I tell myself That I don't care that much But I feel like I'm dying Till I feel your touchOnly love Only love can hurt like this Only love can hurt like this Must have been a deadly kiss Only love can hurt like this Say I wouldn't care If you walked away But everytime you're there I'm begging you to stay When you come close I just tremble And everytime Everytime you go It's like a knife that cuts Right through my soulOnly love Only love can hurt like this Only love can hurt like this Must have been a deadly kiss Only love can hurt like this Only love can hurt like this Your kisses burning through my skin Only love can hurt like this But if the sweetest pain Burning hot through my veins Love is torture Makes me more sureOnly love can hurt like this Only love can hurt like this Only love can hurt like this Must have been the deadly kiss Only love can hurt like this Only love can hurt like this Your kisses burning to my skin Only love can hurt like this

Only love can hurt like thisSave me
Save me
Only love
Only love
Cause only love can hurt this
And it must have been the deadly kiss
