

# Bitches Be Like

Rico Love

You were always the life of the party  
When you gonna give yo' life to somebody?  
Just like you find more pain than pleasure  
You know you can't play that game forever  
How long you gon' carry on?  
Carry on like this?  
Hit the city every night  
Still looking for a nigga who is worth it

()

(Bitches be like)  
Hair done, nails done  
But I ain't got nowhere to stay  
(Bitches be like)  
Tonight I'm gonna kill 'em  
Taking pictures with no filters  
(Bitches be like)  
A lot of rich niggas in the club  
I'mma make one of these niggas fall in love  
(Bitches be like)  
These, these bitches be like

()

You been tryna do since 92'  
That pussy sick now. You got vagina flue  
Fuck you tryna do? You ain't from DC  
But you had a million men march up inside you  
Word to them rubbers in your trashcan  
OG's and their younger brothers broke that ass in  
Damn, these bitches be like poke my ass out  
And that's a hundid and fifty likes  
Rocked a hundid and fifty mikes  
But only backstage, we just here or the night  
No talent, but she no Jimmy Fallon  
No talent, no house, no car  
But she be styling

()

(Bitches be like)  
Hair done, nails done  
But I ain't got nowhere to stay  
(Bitches be like)  
Tonight I'm gonna kill 'em  
Taking pictures with no filters  
(Bitches be like)

A lot of rich niggas in the club  
I'mma make one of these niggas fall in love  
(Bitches be like)  
These, these bitches be like  
(Interlude)  
But I know somewhere out there  
There's a nigga that loves you  
Even though somewhere out there  
There's a lot of niggas that fucked you  
(  
Now, I ain't judging, I just tell it how it is  
We know what you do, you know what you did  
You be taking trips, you won't be with yo' kids  
They won't be wid you, they be at you momma crib  
While you be getting %^&\*<br>(  
(Bitches be like)  
Hair done, nails done  
But I ain't got nowhere to stay  
(Bitches be like)  
Tonight I'm gonna kill 'em  
Taking pictures with no filters  
(Bitches be like)  
A lot of rich niggas in the club  
I'mma make one of these niggas fall in love  
(Bitches be like)  
These, these bitches be like
