

You Got Me (Remix) [feat. Fabolous & Baby Bash]

One Block Radius

You got me
No need to wonder why
Don't have to question
So clear your worried mind! Now I don't wanna lose you
But I'm tryin' do what I gotta do, too
I know the style of my life might confuse you
And I don't blame you one bit
I don't even say nothin' when you trip
But I thought I told you
You can put it on my shoulders, I can hold you
And I don't care who all believes me, I'ma show you
Momma it's been a long time
My leadin', bangin' boys about to shine All up on my grind
Gotta get this money what door, just a little crack
I'm gonna kick it in and make some noise, baby I'll be back
Gotta keep you movin' ma
That's how we do it ma
We chasin' dreams and makin' wishes
I'm your shootin' star Now I don't really want to leave you right now
And I don't even really wanna go
And I don't even wanna see you cry now
Baby you should already know
So
You got me
(You know that you got me)
No need to wonder why
(No reason to wonder why)
Don't have to question
(You ain't got to question)
So clear your worried mind
(I'm gonna make it alright) You got me
(You know that you got me)
No need to wonder why
(No reason to wonder why)
Don't have to question
(You ain't got to question)
So clear your worried mind
(I'm gonna make it alright) No need for second guess, yes,
I know I'm running late but I'll be right there in a sec
No stress, no disrespect, I put my neck up there for us

See you can see you and me got that unity and trust Plus, I know you see opportunity knockin?
Lately it? s been poppin? for me, we gonna solve these problems
Ain? t we been through heavier, wearier weather?
Clearly whatever get between us, we always seem
To put it back together, like that No need to snap my love, your boy is coming back
We scratchin? and I scratchin? your back, now girl relax
And put it all on the table and get it all off your chest
Believe me when I tell you I? ma give you my best You got me
(You know that you got me)
No need to wonder why
(No reason to wonder why)
Don't have to question
(You ain't got to question)
So clear your worried mind
(I? m gonna make it alright) You got me
(You know that you got me)
No need to wonder why
(No reason to wonder why)
Don't have to question
(You ain't got to question)
So clear your worried mind We can fly away
And start another life somehow
I love you every day
I? ll never ever let you down, yeah I know that it hasn? t been easy
But I need you more than ever to believe me
I? ma make it good
I? ma set it straight
We gonna get it right
So trust me when I say You got me
(You know that you got me)
No need to wonder why
(No reason to wonder why)
Don't have to question
(You ain't got to question)
So clear your worried mind
(I? m gonna make it alright) You got me
(You know that you got me)
No need to wonder why
(No reason to wonder why)
Don't have to question
(You ain't got to question)
So clear your worried mind
(I? m gonna make it alright) You know that you got me
I told you
So clear your worried mind
I? ma make it alright You know that you got me
I told you
So clear your worried mind

I? ma make it alright
