So get your hands up
Now get your hands up
Hide your eyes, we're going to shine tonight
Subatomic never get the best of me
Ain't a DJ going to save my soul (my soul)
I sold it long ago for rock 'n' roll (whoa, oh)
Drop the needle when the tape deck blows
I got to shout this out so everybody knowsThis ain't a party
Get off the dance floor
You want the get down
Here comes the gang war
You're doing alright
I got the answer
'Cause all the good times
They give you cancerIf we were all like you in the end
Oh, we'd be killing ourselves by sleeping in
So, hit the lights, I'll do it again
And keep your cars, and your dogs, and your famous friends
Well, alrightSlide up the faders when the cabinet slams
And get your hands up
Now get your hands upLight up the stage and watch me kick out the jams
So throw your fist up
Now throw your fist up
Ain't nobody going to take my life
Ain't nobody going to get the best of me
Ain't a preacher going to save me nowGrab a seat, I'm going to show you how
Everybody hit the pyro cue
We're going to blow this off
And show you what we doThis ain't a party
Get off the dance floor
You want the get downHere comes the gang war
You're doing alright
I got the answer
'Cause all the good timesThey give you cancer
If we were all like you in the end
