

# Thoughts (feat. The Kenyan Boys Choir)

[Nelly Furtado](#)

Meet me in a dream  
Meet me in a song  
Or in a melody  
That lasts too long  
But stop  
Invading my thoughtsMeet me in a crowd  
We won't know if it's real  
Because we're not allowed  
To show how we feel  
But stop  
Invading my thoughts  
I know you don't mean to  
And all my fronting you see through  
But stop  
Just stop  
Invading my thoughts
