My Vision (Jakatta Mix Radio Edit)

Seal & Jakatta

I feel like the sun I feel like the rain I feel like I just found reason for living again 'Cause what I've been dreaming, I know that it's real I know there's just no changing the way I feel You're into my head I'm out of my mind I feel like I've just found reason for being alive And I have a secret I think you should know I feel like I just can't keep it It's deep within me And I feel like I'm losing control Can you see my vision Of a red hot summer in Ryde? When love was the feeling With no indecision We were turning that key inside To get in the momentWe live in a dream, I see you today I feel like all my fears are fading away Been waiting so long for something new I feel like a constant craving for being with you And I have a secret I think you should know I feel like I just can't keep it It's deep within me And I know that I'm losing control... Can you see my vision Of a red hot summer in Ryde? When love was the feeling With no indecision We were turning that key inside To get in the momentCan you see my vision Of a red hot summer in Ryde? When love was the feeling I have a secret, I think you should know I feel like I just can't keep it It's deep within me

And I feel like I'm losing controlCan you see my vision

Of a red hot summer in Ryde?

When love was the feeling

With no indecision

We were turning that key inside

To get in the momentCan you see my vision

Of a red hot summer in Ryde?

When love was the feeling

When love was the feeling

When love was the feeling

When love was the feeling.
