

On Your Mind

Kaskade

I wish that I would've known
I was on your mind
I wish that I would've known
I was on your mind
I was on your mind
I was on your mind
I was on your mind I was on your mind
I was on your mind
I was on your mind I was on your mind
I wish that I would've known
I was on your mind
I wish that I would've known
I was on your mind
I was on your mind I wish that I would've known
I was on your mind
I wish that I would've known
I was on your mind (I was on your mind)
I was on your mind (I was on your mind)
I was on your mind (I was on your mind) I was on your mind (I was on your mind)
I was on your mind (I was on your mind)
I was on your mind (I was on your mind) I was on your mind I was on your mind
I was on your mind
I wish that I (I wish that I)
Would've known (would've known)
I wish that I (I wish that I)
Would've known (would've known) I was on your mind
I was on your mind
I was on your mind
