

Lost (feat. Pell)

Tomas Barfod

Things flow better when you're letting it be
I can hear your crying but it's lost in the sea
And I can't go home I have to do this for me
I don't wanna talk no no

I don't wanna talk

Seems like yesterday was all in my head
Lifeless love I often felt I was dead
Now our skies are blue are bleeding with red
I Don't wanna talk no no

Better off alone

Lost in the ways old

Lost in the ways oh oh

Lost in the ways old

Lost in the way old

The sun smiles down on me but I ain't the same
I still think back on when we danced in the rain
I won't go back because it's too late to change

I don't wanna talk no no

I don't wanna talk

Lost in the ways old

Lost in the ways oh oh

Lost in the ways old

Lost in the way old
