

# Sex Music

## Tank

If you sexy and you know it, and you sexy and you show it  
Let me see you get your hands in the air  
If you sexy and you know it, and you sexy and you show it  
Just wave 'em like you just don't care Some kind of stand  
Take 'hold of somebody  
Get your sexy on, on  
Get your sexy on, on We don't need no clothes for this  
Baby, on the floor for this  
All up on the bone for this  
Droppin' down low for this All up on the side with this  
All between the thighs with this  
'Magine how she ride with this  
Wait 'til I'm inside with this  
Oh, oh  
I know it's turning you on, on  
Didn't think it'd take us this long, long  
To have our bodies going crazy to the beat of the song We get it on all, all night long  
To this sex music, sex music  
Don't stop, that's it, right there  
That's my shit that you're gettin'  
Sex music, sex music We got plenty time for this  
All that's on my mind is this  
All day on the grind for this  
I'ma make you mine for this Drawin' in the line with this  
Hope you get a ride with this  
Gonna close your eyes for this  
Love the way you bite your lip  
Oh girl  
I know it's turning you on, oh  
Didn't think it'd take us this long, no  
To have our bodies going crazy to the beat of this song We get it on all night long  
To this sex music, sex music  
Don't stop, that's it, right there  
That's my shit that you're gettin'  
Sex music, sex music Girl, I love your birthday suit  
Sure looks good on you  
I just wanna lick you from head to toe  
I'ma have you screamin' oh Baby, take this ride  
Tell him you got stuff all night  
Push the pedal down to the floor  
With the sex music on the radio We get it on all night long  
Sex music, sex music

Don't stop, that's it, right there  
That's my shit that you're gettin'  
Sex music, sex musicSex, sex music, sex, sex music  
Sex music, sex music  
Sex, sex music, sex, sex music  
Sex music, sex music
