Starts with Goodbye

Carrie Underwood

I was sitting on my doorstep I hung up the phone and it fell out of my hand But I knew I had to do it And he wouldn't understandSo hard to see myself without him I felt a piece of my heart break But when you're standing at a crossroad There's a choice you gotta makeI guess it's gonna have to hurt I guess I'm gonna have to cry And let go of some things I've loved To get to the other side I guess it's gonna break me down Like fallin' when you try to fly Sad but sometimes Moving on with the rest of your life Starts with goodbyeI know there's a blue horizon Somewhere up ahead, just waiting for me Getting there means leaving things behind Sometimes life's so bitter sweetI guess it's gonna have to hurt I guess I'm gonna have to cry And let go of some things I've loved To get to the other sideI guess it's gonna break me down Like fallin' when you try to fly It's sad but sometimes Moving on with the rest of your life Starts with goodbye Time heals the wounds that you feel Somehow, right nowI guess it's gonna have to hurt I guess I'm gonna have to cry And let go of some things I've loved To get to the other sideI guess it's gonna break me down Like fallin' when you try to fly It's sad but sometimes Moving on with the rest of your life Starts with goodbyeI guess I'm gonna have to cry And let go of some things I've loved To get to the other sideStart to wave goodbye Like fallin' when you try to fly It's sad but sometimes Moving on with the rest of your life Starts with goodbyeNa na na na na na na na na
