

Spicks and Specks

Bee Gees

Where is the sun
That shone on my headThe sun in my life
It is dead
It is deadWhere is the light
That would play
In my streetsAnd where are the friends
I could meet
I could meet
Where are the girls
I left all behind
The spicks and the specksOf the girls on my mind
Where is the sun
That shone on my head
The sun in my life
It is dead
It is dead
Where are the girls
I left all behindThe spicks and the specks
Of the girls on my mind
Where is the girl i loved
All along
The girl that i loved
She's gone
She's gone
All of my life
I call yesterday
The spicks and the specks
Of my life 've gone away
All of my life
I call yesterday
The spicks and the specks
Of my life 've gone away
Spicks and specks!
