

Get Ready (feat. Blackstreet)

Mase

See, the difference with me
When I do what I do
I do what Im doing
But Im doing it like Im doing it for TVOww, oww, oww, oww, oww
Keep ya hands up
What, what, put your hands up
Come on, come on, keep your hands upWe back, we back, we back, we back
(Put your hands up)
We back, we back again
(Keep your hands up)
We back, we back, we back, we back, we back, we back, we back again
I remember the days of prayin my chips be right
Louie the 13, no more Cris tonight
Gold to me is like Superman and Kryptonite
So I pray how I dont miss my flight, switch to nightGet out the plane, it all look strange
See a man from Spain, holding up my name
Give him my things and head down to bag claim
And I hear somebody scream my nameSo I look back, look once, look twice
Look fast, look left, look right
Look blink, look meeno, look myse
They try tell me honey dont look rightSo, I approach her, it all look kosher
But there was kids runnin' up with posters
And I was startin' to lose sight of chauffeur
So I had to say nice to know ya
Get ready, tonight
(Baby)
(What, what, what, what, what, what)
Gonna make this a night to remember
Get ready, tonight
(Get money all over again)
(Get ready, tonight)
(Get money all over again)
Gonna make this a night to remember
(Come on, uh, uh, all out)Uh, yo, it just so happen this how Mase stay starred
Flip two aces and get two face cards
It happens, chip stackin
I turn around, see a bunch of chicks clappinBut a girl walked by, caught my eye
So I said, What the fuck, stand here and give me luck
And she whispered in my ear
A purple one on there and put a pink one on thereI did just that and gave hud a stack, shout I'll
be right back
In fact, Ima be over here talkin to love

Said you been around the world, been so many places
 Hit so many girls, and spent so many faces And every girl in the world know who Mase is
 But right now thats really not what the case is
 Lets be real, I know you got bills
 So how bout one night and I just gave you a mil
