## DaBaby

Thinkin' 'bout my grandmama and shit  
I got the number one record, they acknowledged the jit?(Ayy,?yo, Kid)  
They goin'?crazy when they play it, head?bobbin' and shit  
And I'm just somewhere fucked up thinkin' 'bout my father and shit  
They found him dead a couple days before I started tour  
Same day I flew back to the city from Miami  
I was out there with the family  
Just lookin' at my daughter  
Thinkin' to myself like, "Damn, my baby look just like my daddy"  
Same time I got the news, my shit went number one, that's fucked up  
That shit there was confusin',  
a lil' bit, you know I flew in with the stick  
Okay, like let me know what's up before I lose it in this bitch  
And everybody tryna talk, I ain't tryna talk, I'm tryna click  
I'm tryna send somebody wit' him  
Somebody let me know what's happenin'  
My last name K-I-R-K, Kirk  
You know how I rock behind my daddy  
You know I never gave a fuck about the world, just about my family  
How the fuck I make it to the top  
same day I lost the nigga that had me?  
How a nigga perform on BET and a year ago couldn't afford a sandwich?  
I had to move in with TG when I went broke movin' out to Cali  
What you know you smilin' every day  
for all your fans, actin' like you happy?  
I spent a hundred thousand layin'  
my daddy to rest, but I ain't braggin'  
I got some questions, I'm a die about respect if I don't get answers  
My mama stood up in that chair, took it like a G when she had cancer  
My brother be thinkin' that we don't love  
him and let him struggle like we ain't family  
Like I won't give up all I got to see you happy, nigga  
We shocked the world, everybody know what's happenin', nigga  
I'm still Lil' Jon Jon, my song, it just went platinum, nigga  
We on our own time, let's go move out to Cali, nigga  
Put the kids in homeschool, let's go get us a mansion, nigga  
Let's raise our kids right, let's watch the shit we teach 'em, nigga  
Let's start a business for you so  
they can't say that you leechin', nigga  
How I know I'm the chosen one,  
'cause sometimes when I be speakin', nigga

mind that I can't undecide (Yeah, yeah)  
Got me ready to slide,  
feelin' like Doe Boy when his brother died (Boyz n the Hood)  
You know how I step, you know how I rep,

You know how I'm comin' back for that  
cross if you ever play me, nigga (Get back)  
You know how I got it up out the
