

# Fly Shit Only

## Future

I take my drugs in doses I been waking up to bitches in my hotel suite  
We been gone on the molly  
Holding onto Friday  
Why you looking at me shawty  
Recognizing I'm the only, only, only one that's ballin'  
Only one that's ballin'  
Only one who's going out the country  
Gotta keep a translator for the models  
Only one, I'm only reppin' fly shit only  
Keep some fly shit on me, keep a fly bitch on me Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
My trainers are matching my jacket  
I'm strapped with that ratchet, I'm strapped with that Bape and that ape  
I'm gone off these medicals, gone off these medicals  
Maybe one day I'mma get out the drank  
And maybe one day we can fuck in the bank  
I made me a Porsche out of two and a quarter  
I got to Morocco and lay in some foreigners  
Then I come back to Onyx and find me that one I can fuck on  
And touch on and turn up and turn on  
We don't watch TV, we count Fettuccine  
4 and a half, it's right under my beanie  
I made me some snaps then I fucked on a genie  
Put her in a cab and I jumped in a 'Ghini  
You gon' need yellow tape when I step on the scene  
When you send me an invite, I come with a bitch like  
She wrapped up in plastic, got coke in the mattress  
All of this shit is about living lavish  
This money, these cars, and these bitches, these carats  
These radical styles, I'ma give you a style  
You can take it, your new style ain't gon' make you a pile  
I been waking up to bitches in my hotel suite  
We been gone on the molly  
Holding onto Friday  
Why you looking at me shawty  
Recognizing I'm the only, only, only one that's ballin'  
Only one that's ballin'

Only one who's going out the country  
Gotta keep a translator for the models  
Only one, I'm only reppin' fly shit only  
Keep some fly shit on me, keep a fly bitch on meFly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit onlyLight skinned bone the same color macaroni  
Put her hair in a pony, hit a note like Tony  
I know this shit been on lonely  
Now I'm back on my lonely  
And I'm back how you want it  
And I'm back and I'm on it  
Made a film like Sony  
Fuck the fake and the phony  
I gots cake in the morning  
I rock Adidas and Margielas  
I be staying at the telly  
Eat a sandwich out the deli  
And my life is like Belly  
Young future, sincereI been waking up to bitches in my hotel suite  
We been gone on the molly  
Holding onto Friday  
Why you looking at me shawty  
Recognizing I'm the only, only, only one that's ballin'  
Only one that's ballin'  
Only one who's going out the country  
Gotta keep a translator for the models  
Only one, I'm only reppin' fly shit only  
Keep some fly shit on me, keep a fly bitch on meFly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only  
Fly shit only, fly shit only
