

Ego Tripping Out

Marvin Gaye

Hey homeboy how come everywhere you go you have to go by limousine man
Hey man that's my thing I know it's your thing
Every time I see you you are awful clean you got your rings generally
Y'know Flash the cash is what I need I can understand it ooh hi got the baddest cool, could never
be the fool, the ladies wait to get down with me
the love I make superb, to doubt me is absurd, the ladies say I'm the greatest you see
oohh oo oohh
I want to have your spot, and more than what you got, I bought the baddest house I could find
all it must be said I'm greatest in the bed and when I love a lady she's mine
I know I'm really hot, my diamonds shine a lot, check out here this 450 SE babe
I'm what's it's all about
Ego Tripping Out (tripping out, tripping out, your tripping out, your tripping out) ahh ha hey
hey without a doubt, I know we Ego Tripping Out, sometimes it's a shame
but it caused so much pain, don't want you baby
I know you Ego Tripping Out, 'times it's a shame but it can't do without
without a doubt, I know your Ego Tripping Out, hey she don't know it
ain't it a shame all the pain to come I'm better than the rest, check out the way I dress and got a
lot of money to spend
the best club in town, is where I get down, your lucky if I choose you my friend
walk the greatest walk, I got to be the talk, I've got the greatest show in town
woohoo rock with other men then roll over to me so I can fill your soul baby
aoww check out the love mink standing tall in bold can fulfil your needs into the cold baby
needless to say I'm your greatest play
Ego Tripping Out, oohh, Ego Tripping Out,
yeah, Ego Tripping Out, wooh
in my mind what it's for
got a sweet tooth for the chick on the floor
walking in my shoes
walking to the beat
still got some love inside
some good old body heat
aoww
ohoh baby
spread the news
only here to deepen my soul
no it ain't about money
aoww
turn the fear into energy
'cause the toot and the smoke
won't fulfil the need
aoww hey hey
