

# U Don't Give a Damn About Me

Tyrese

Intro:

What, what

You Don't Give A Damn About Me

Do do do do, do do do

Do do do do, do do do You've got some nerve

You call me after all this time

And expect me to be cool

What the heck is wrong with you?

Can't just pop up out of the blue

Baby that ain't how you do

Someone you're claiming that you love so true, oh

That disappearing thing

(I don't play that)

I know your phone ain't off

(Cuz I pay that)

Am I ok with it, please believe it

(Cuz I don't need it) Why'd you call me (Baby)

If you don't give a damn about me (Damn about me)

Let's see how you do without me (Without me)

Why ya tryin' to be where I'll be (I be)

You don't give a damn about me Whatever you do, go on and do your thing

But in the meantime, just keep one thing in mind

The way you dress, the way you drive

Was all because of me

Now it's over

Babe, I hope you're happy

That disappearing thing

(I don't play that)

I know your phone ain't off

(Cuz I pay that)

Am I ok with it, please believe it

(Cuz I don't need it) Why'd you call me (Baby)

If you don't give a damn about me (Damn about me)

Let's see how you do without me (Without me)

Why ya tryin' to be where I'll be (I be)

You don't give a damn about me

You call me like I'm supposed to be alone

(But I moved on, so stop wasting time)

You should know by now I've got someone in my life

You're the last thing that crosses my mind

Why'd you call me, baby Why'd you call me (Baby)

If you don't give a damn about me (Damn about me)

Let's see how you do without me (Without me)  
Why ya tryin' to be where I'll be (I be)  
You don't give a damn about me Why ya gotta call me (Baby)  
Break it on down, break it on down  
Let me explain something  
Check this out  
Woman, I cook and I clean (Baby)  
You know what I mean  
I buy you everything (Baby)  
And you don't give a damn about me You call me like I'm supposed to be alone  
(But I moved on, so stop wasting my time)  
You should know by now someone's in my life  
You're the last thing that crosses my mind  
Why you gotta call me, baby Why'd you call me (Baby)  
If you don't give a damn about me (Damn about me)  
Let's see how you do without me (Without me)  
Why ya tryin' to be where I'll be (I be)  
You don't give a damn about me I need you  
I love you  
I want you  
You coulda kept that to yourself  
Why am I wasting my breathe  
I need you.
