

# I Wonder

Chris Isaak

When I was younger I believed, that dreams came true  
Now I wonder  
Cause I have seen much more of dark skies, than blue  
Now I wonder I keep on praying for a blue sky  
I keep on searching through the rain  
I keep on thinking of the good times  
Will they ever come again?  
Now I wonder  
Now I wonder  
I keep on praying for a blue sky  
I keep on searching through the rain  
I keep on thinking of the good times  
Will they ever come again?  
Now I wonder  
Now I wonder When I was younger I believed, that I could win  
Now I wonder  
there was a time when you and I, walked hand in hand  
Now I wonder  
I keep on searching for the old me  
I keep on thinking I can change  
I keep on hoping for a new day  
Will I ever feel the same?  
Now I wonder  
Oh I wonder  
Now I wonder
