

This Is Us

Jimmie Allen & Noah Cyrus

I used to push my luck, I used to fill my cup
Yeah, I used to be known for the dumb things
I used to chase the sun, I used to kiss and run
All-nighters turned into nothings and I'm lucky every other lover got away
I'm lucky that my heart was always hard to break
I'm lucky when you came along I had a chance to take 'Cause it was just you and that was just

me

And that was just the way that it used to be
And we were just kids back then tryna figure out what it was
No, it wasn't that bad but could've been better
If only back then we'd have been together
But it was just you and that was just me
Before we found love

Now this is us

All I really know is love ain't simple (Oh yeah, oh yeah)
It finds you all alone when you're unassembled
Yeah, when you're in pieces and you feel like you're drowning
You don't wanna give nobody the power
That's when it gets in the cut

And that's when it stitches you up 'Cause it was just you and that was just me

And that was just the way that it used to be
And we were just kids back then tryna figure out what it was
No, it wasn't that bad but could've been better
If only back then we'd have been together
But it was just you and that was just me
Before we found love

Now this is us This is us, this is us, this is us, yeah

This is trust, this is trust, this is trust, yeah

This is love, this is love, this is love, yeah (This is love, yeah)

I'm lucky every other lover got away

I'm lucky that my heart was always hard to break

I'm lucky when you came along I had a chance to take 'Cause it was just you and that was just
me

And that was just the way that it used to be
And we were just kids back then tryna figure out what it was (Oh, it wasn't that bad)
No, it wasn't that bad but could've been better
If only back then we'd have been together
But it was just you and that was just me
Before we found love

Now this is us This is us, this is us, this is us, yeah

This is trust, this is trust, this is trust, yeah

This is love, this is love, this is love, yeah (Yeah, yeah, this is love, yeah baby) This is us, this is

us, this is us, yeah (Yeah baby)
This is trust, this is trust, this is trust, yeah (Oh, baby)
This is love, this is love, this is love, yeah
