

Body Language (feat. Ty Dolla \$ign & Jhené Aiko)

Big Sean

Body to body, cheek to cheek, soulful moaning
Yeah Don't just take your clothes off, take the problems off
Take the armor off, take all the drama off
Let go of your responsibilities you been holdin' down
Know it's a lot on your mind, but I need your focus now
I need that, yeah
I give you that, yeah
(Late night conversation, can you speak my body language) Bring that body to me
Baby, come closer, closer
Bring it to me
Oh, yeah, baby, I'll give you ecstasy
Baby, come closer, closer
Bring it to me, ooh, yeah
Girl, I'm talkin' body to body
Cheek to cheek, soulful moanin'
And girl, your lips taste so sweet
Girl, I'm talkin' body to body
Cheek to cheek (I'll give you that)
Soulful moanin' (Yeah, fuckin' right)
Ooh yeah (Yeah), ooh yeah (Yeah) Look
I know, I had people in my circle but they weren't in my corner
I had people in my business, but they didn't support it
But took advantage of me like they supposed to do it, their moments
Everything you didn't do, but could've did if you wanted
Working overtime, it's time I could be taking you down
Real shit, I gotta quit acting like these niggas don't want my place
When I ain't around, even though niggas ain't threats
I know if I don't live with you, I gotta live with regrets
I might walk in while you showering
Hit you in yo' shower cap, you gripping on the towel rack
I'm bussin' while you buss back
In the bathtub, pouring champagne on that ass like I'm Dame Dash
Goddamn, your last nigga blew it with his lame ass
Bring that body to me
Baby, come closer, closer
Bring it to me
Oh, yeah, baby, I'll give you ecstasy
Baby, come closer, closer
Bring it to me, ooh, yeah Late night conversation, can you speak my body language
I ain't got no time to waste, you got me losing patience

I can't wait to get you over here and get you naked
I'm about to ride that dick so crazy, I might break it
I'm so horny, show me something
Body to body, cheek to cheek, soulful moaning Bring that body to me
Baby, come closer, closer
Bring it to me
Oh, yeah, baby, I'll give you ecstasy
Baby, come closer, closer
Bring it to me, ooh, yeah Girl, I'm talkin' body to body
Cheek to cheek, soulful moanin'
And girl, your lips taste so sweet
Girl, I'm talkin' body to body
Cheek to cheek, soulful moanin'
Ooh yeah, ooh yeah In the city of murder, mayhem and narcotics
We got enough problems
Now it's time for that (Soulful moanin')
(Ooh baby, ooh baby)
