

We Right Here

DMX

Bring it! What?
We right here
We're not goin' anywhere
We right here
This is ours and we don't share
We right here
Bring your crew 'cuz we don't care
We right hereOne mo' time
I gots to hit the streets off, make the streets talk
Let 'em know it ain't a sweet walk
This gon' be
The only joint made this year that'll knock 'til 2003
And y'all gon' see
That the hottest n out there, was, is, and will be me
Just like that
I can go away for a minute, do some other s, but bounce right back
And when it's on
I'm comin' strapped, with some s that'll spit from dusk 'til dawn
And when you gone
Ain't no comin' back in the morning, like that s was a dream
N you gone
That's for real
Creep ns like a seal, totin' steel, stick a n make him squeal
Oh, my God
Those can't be the last words of ya man, damn ya man was so hardCome on
Bring it! What?
We right here
We're not goin' anywhere
We right here
This is ours and we don't share
We right here
Bring your crew 'cuz we don't care
We right here
Here we go again
How many million did my last one sell? F it, I'm goin' for ten
This never gon' stop, and every fn' time I hit you
It's goin' straight to the top of the charts
The champion
I'm a thoroughbred, my blood is strong, and I scratch 'til you done
Cross the lineAnd ain't no more scratches after that, straight up, n is dyin'
Yo, what the f
Is you cats doin' runnin' around like this?

Like you won't get stuck, yo, that's my word
 I stay givin' it to n and I stay not really being heard
 But, y'all gone see
 That the same things thou did to them, will be done to thee
 And then you'll know That sometimes though you come thru' the front
 You leavin' out the backdo', come on
 Bring it! What?
 We right here
 We're not goin' anywhere
 We right here
 This is ours and we don't share
 We right here Bring your crew 'cuz we don't care
 We right here
 Bring the noise
 And you better come with n you don't give a f about
 'Cuz you gone lose your boys
 'Cuz we don't play
 And the silencer will silence any c with somethin' to say
 Dog for life
 Whether I'm on or off the leash I bite, streets are my life Click, click, boom
 Another life taken too soon, another mother had a funeral
 Still waters run deep
 And the pain is forever alive inside, makes it hard to sleep
 But I keep goin', goin'
 S I'm always careful when I walk, I'm always seein', knowin'
 The dog gone live
 Stay walkin' the wire, over the fire, when I can I give The dog is good
 And how it's stayin' dog gone f with the hood
 The dog f with the wood
 Bring it! What?
 We right here
 We're not goin' anywhere
 We right here
 This is ours and we don't share We right here
 Bring your crew 'cuz we don't care
 We right here
 Bring it! What?
 We right here
 We're not goin' anywhere
 We right here
 This is ours and we don't share
 We right here
 Bring your crew 'cuz we don't care
 We right here
