

# Coming Down

## The Weeknd

I got somethin' to tell you  
But don't know how I'ma say it  
I guess that I can only say one thing:  
Girl, I been bad again  
Girl, I been bad again Cause with this money comes problems  
And with these problems come solutions  
And I use 'em  
When I'm faded I forget  
Forget what you mean to me Hope you know what you mean to me  
Pick  
Up  
Your phone  
The party's finished and I want you to know  
I'm  
All alone  
I'm feeling everything before I got up  
I always want you when I'm coming down  
I always want you when I'm coming down  
I always want you when I'm coming down I always want you when I'm coming down  
I always want you when I'm coming down I always want you when I'm coming down  
I always want you when I'm coming down I always want you when I'm coming down  
Poppin' again  
I tried to quit again  
I'm always tight wit' somethin I begin  
That's why my niggas got me to the end  
Supply what I take, I take what I spend baby I ain't lyin' to nobody but me  
And you  
And me  
But you especially  
Pick  
Up  
Your phone  
The party's finished and I want you to know I'm  
All alone  
I'm feeling everything before I got up  
I always want you when I'm coming down  
I always want you when I'm coming down  
I always want you when I'm coming down  
I always want you when I'm coming down  
I always want you when I'm coming down  
I always want you when I'm coming down  
I always want you when I'm coming down

I always want you when I'm coming down I always want you when I'm coming down

Pick up your phone

I'm a

All alone

I always want you when I'm coming down

I always want you when I'm coming down

I always want you when I'm coming down

I always want you when I'm coming down

I always want you when I'm coming down

I always want you when I'm coming down

I always want you when I'm coming down

I always want you when I'm coming down
