

# Heaven & Hell

## Raekwon

Raekwon, GhostfaceYo what what, yo  
Exotic type shit  
Ninety-four, we must go to war fast  
With the pen and the pad  
God damn, shine like gold rims on Pathfinders  
Wu-Tang reclines, lamps, for the nine-squares kid  
Money clothes designer hoes and shows y'allYo, yo, wakin up about ten kid  
Jumpin in the shower, peace about to make  
moves and slide like greese  
What? I'm all about Tecs and checks and nuff respect you front  
I'm slammin you like the Lex  
So now I'm out in the ninety-five  
Rockin that real nigga don't die  
Guess down  
Drawers Kani!  
But yo I'm makin a pit stop  
Go and buy a box of glocks, til he rolled up and yo  
Whattup Hobbes?  
Yo, remember that kid that we vicked  
He made a half of mil for real  
He brought about fo' bricks  
Yo, so now we connect doors, meet me at the airport  
TELL GOLDEN ARMS MAINTAIN THE FORT  
Get in touch with that West coast Cali crab you stabbed  
And meet me at the bitch lab  
So word up kid, we slid like a fat four to twelve bid and shit  
Couldn't even rest, I need the vic  
And when I slept, I dream G's, Son I need some  
Keys roll self, call up Son  
I heard Pook and Tyriq caught a beef over some real shit  
A fake nigga faked and they killed his click  
Gimme a minute and I'm with it  
Yo niggaz done did it  
Rock your vest  
Keep your whip tinted  
So now we see him up in BoJangles  
Stranglin a forty ounce, with ten G's worth of gold bangles  
Diamonds, what, all up in his face  
With his man's mace, medallions the size of dinner plates  
Yo, he knew we knew him so we blew him  
Took thirty G's worth of jewels of that nigga  
DO HIM!

So now I'm lampin in my man's Land  
Streets is hot like sand  
Jesus rollin in my right hand  
Yup, you know the steezo black  
Got to go down like that  
Shallah  
Cigars
