Breathe

Michelle Branch

I've been driving for an hour Just talking to the rain You say I've been driving you crazy and its keeping you away So just give me one good reason Tell me why I should stay 'Cause I dont wanna waste another moment in saying things we never meant to sayAnd I Take it just a little bit I, hold my breath and count to ten I, I've been waiting for a chance to let you in If I just breathe Let it fill the space between I'll know everything is alright Breathe Every little piece of me You'll see Everything is alright If I just breatheWell it's all so overrated In not saying how you feel So you end up watching chances fade And wondering what's realAnd I Give you just a little time I, Wonder if you realize I've been waiting till I see it in your eyes If I just breathe Let it fill the space between I'll know everything is alright Breathe, Every little piece of me You'll see Everything is alright If I just breathe BreatheSo I whisper in the dark, Hoping you hear me Do you hear me?If I just breathe Let it fill the space between I'll know everything is alright Breathe, Every little piece of me You'll see Everything is alright Everything is alright if i just breathe... breatheI've been driving for an hour
