

# Stranger

## Usher

Drummer Boy Said you'll neva give away your heart again  
I'll be knockin' till you let me in  
I know you told me, you'd rather be lonely  
You don't even know me  
That's why I no longer wanna be a stranger Sorry you put your trust in others  
And they let you down  
And all the the secrets and the unknown evidence  
Now in the open that you found Cried yourself to sleep so many nights  
Said you'd never again  
I'm not the one you hold it against  
Baby, it's not my plan  
[Bridge]  
Yeah, you independent as hell  
And doin' it by yourself  
But what you gon' do  
When the nighttime gets cold? I know you told me, you'd rather be lonely  
You don't even know me  
I ain't moving out the way for nothing, I'm stubborn [Chorus]  
'Cause you said you'd never give away your heart again  
I'll be knockin' till you let me in  
I know you told me, you'd rather be lonely  
Tired of being your closest friend  
You don't even know me  
That's why I no longer wanna be a stranger Tell me, what I gotta do, what I gotta do  
What I gotta do, what I gotta do  
What I gotta do, what I gotta do, yeah  
[Verse 2]  
You're stuck inside no matter how hard you try to forget  
Don't you wish there was a button we could reset  
And make it easy? But you can't take back the decision that you made to love  
No, oh, no  
I know it's the one that you regretting, not so proud of  
Because you keep tellin' me [Bridge]  
Yeah, you independent as hell  
And doin' it by yourself  
But what you gon' do  
When the nighttime gets cold? I know you told me, you'd rather be lonely  
You don't even know me  
I ain't moving out the way for nothing, I'm stubborn [Chorus]  
'Cause you said you'd never give away your heart again  
I'll be knockin' till you let me in  
I know you told me, you'd rather be lonely

Tired of being your closest friend  
You don't even know me  
That's why I no longer wanna be a strangerBaby, tell me  
What I gotta do, what I gotta do  
What I gotta do  
Baby, tell me  
What I gotta do, what I gotta do  
What I gotta do[Verse 3]  
I remember the break-up  
And the condition that my heart was in  
But I would never surrender, no, no  
I gotta be stronger, there's nothing time can't healGirl, I know you're scarred  
All I ask is a chance to come in and do my part  
It's nothing but fear and you've been holding on since  
Too under pressure and I see us sinking in[Chorus]  
Said you'll neva give away your heart again  
I'll be knockin' till you let me in  
I know you told me, you'd rather be lonely  
You don't even know me  
That's why I no longer wanna be a strangerWhat I gotta do, what I gotta do  
What I gotta do, oh  
What I gotta do, what I gotta do  
What I gotta do
