Tattoos on This Town

Jason Aldean

There's still black marks on that county road Where we drag raced our pick ups And Mustangs And weathered on the summer rain And to this day up on that overpass Even underneath the new paint You can still see Allie will you marry me? Take a ride Look around And there ain't no doubtIt sure left it's mark on us We sure left our mark on it. We let the world know we were here With everything we did We laid a lotta memories down Like tattoos on this town There's still a rope burn on that old branch That hangs over the river I still got the scar From swinging our a little too far There ain't a corner of this hallowed ground That we ain't laughed or cried on It's where we loved Lived and learned a lotta stuff It's everything we're made of It sure left it's mark on us We sure left our mark on it We let the world know we were here With everything we did We laid a lotta of memories down Like tattoos on this town Like tattoos on this town Everywhere It's were we are It hits me right In my heartIt sure left it's mark on us We sure left our mark on it We let the world know we were here With everything we did We laid a lotta memories down But we'll always be hangin' round Like tattoos on this town Like tattoos on this town
