

# Comfortable

H.E.R.

Set the tone, when it's just me  
And you alone, and we're lonely  
In the room, breathin' slowly  
Oh, you know me, yeah  
Meditate, you can take me  
To a place where we can be  
All alone, I let you hold me  
'Cause you know me, yeah Lay your head on my pillow, say, ooh-ooh, oh  
Touchin' makin' me feel a way, ooh-ooh  
When I get around you, I lose it  
Lose it 'Cause I feel so comfortable with you  
You make me comfortable with you  
I feel so comfortable with you  
You make me comfortable with you  
You make me...  
Wanna get (wanna get), wanna go deep (go)  
Into me (into me), let you in me  
Inside (inside), you deserve it  
On my mind, my mind, yeah, oh... Lay your head on my pillow, say, ooh-ooh, touchin'  
The way you're touchin', know it's okay with you-ooh  
When I get around you, I lose it  
Lose it 'Cause I feel so comfortable with you  
You make me comfortable with you  
I feel so comfortable with you  
You make me comfortable with you  
You make me, baby Lay your head on my pillow, say, ooh-ooh  
Way you're touchin' my body, say, ooh-ooh  
I ain't lovin' nobody but you-ooh, you-ooh, yeah  
'Cause I feel so comfortable with you  
You make me comfortable with you  
I feel so comfortable with you  
You make me comfortable with you  
You make me...  
You make me, baby  
You make me...  
You make me...  
You make me, yeah-yeah  
You make me...  
You make me...  
You make me...
