PROPERTY LYRICS
My property, you are my property
Yeah you are my property, yeah you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
This been getting messy-messy
I've never been the type to lovey-lovey
I know I had to change that up for you though
Baby you have to help me out, are you the?
(?) the silence through the noise
Hope that you are not with other boys
I can be more than just a friend
I can be more than just your friend
I'ma need your love
Energy give me everything
On top of me like a (?)
Baby that's where I want you
Like you are property, like you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Yeah you are my property, yeah you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Nobody getting in the way-ay-ay-ay
Ain't nobody taking you away-ay-ay-ay
Nobody getting in the way
This crazy life that I live
Can't say that I don't show effort
These other women drive like (?)
They never gonna keep my pleasure
Don't ignore me
Cause it's never what you think it is when I'm not answering
Girl listen my story
I'ma need your love
Energy give me everything
On top of me like a (?)
Baby that's where I want you
Like you are property, like you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Yeah you are my property, yeah you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Nobody getting in the way-ay-ay-ay
Ain't nobody taking you away-ay-ay-ay
Nobody getting in the way
I said you are my property
You know I kill it at Monopoly

Most of them playing can't afford ya
Make sure you purse ain't, price is the mortgage
Everything I buy the opposite of foreign
Anywhere book a flight, now she boarding
Touchdown could shut down a city
Take a shot, another round in the semi
I love it, I love when you get in your begging
That's when I video, video snapchat
Your heart broke before I could leave, I could pass that
So my name is tat there Like you are property, like you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Yeah you are my property, yeah you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Nobody getting in the way-ay-ay-ay
Ain't nobody taking you away-ay-ay-ay
Nobody getting in the way
