

# Checklist (feat. Wizkid)

Normani, Calvin Harris

Bad gal come whine 'pon it  
Hey, yeah  
Hey, yeah  
Hey, yeah, yeah, yeah I got the addy, I don't need no GPS's (uh, uh)  
Diamonds shining, diamonds shining  
Now I keep them VVS's (uh, uh)  
Don't lie, don't lie  
You tryna keep me like a checklist (uh, uh)  
Slow whine, slow whine  
Body cold like a necklace (uh, uh, uh)  
I see you  
Straight up out of heaven wit' it uh  
Baby, you a blessing wit' it uh  
Come teach me a lesson wit' it uh  
Yeah, I see you  
Straight up out of heaven wit' it uh  
Baby, you a blessing wit' it uh  
Come teach me a lesson wit' it uh Come show me what the neck 'bout  
Might show you what the check 'bout  
Might show you what that net 'bout  
Gimme it all to you if you check out  
Way you moving it around me  
Make me feel like you wan' drown me  
Make me feel like you wan' wet me  
Only you know how to get me up  
I got the addy, I don't need no GPS's (uh, uh)  
Diamonds shining, diamonds shining  
Now I keep them VVS's (uh, uh)  
Don't lie, don't lie  
You tryna keep me like a checklist (uh, uh)  
Slow whine, slow whine  
Body cold like a necklace (uh, uh, uh) I see you  
Straight up out of heaven wit' it uh  
Baby, you a blessing wit' it uh  
Come teach me a lesson wit' it uh  
Yeah, I see you  
Straight up out of heaven wit' it uh  
Baby, you a blessing wit' it uh  
Come teach me a lesson wit' it uh My gal your body cold like a necklace  
No bud, I really gonna touch this  
Gold so cold when you whine this  
This straight one put you on me checklist

May loving the love, 'cuz it's worthless  
Girl I'm a sinner, come bless me  
Baby girl no stress me  
Say bad gal so you kill with that vibe  
Uh I got the addy, I don't need no GPS's (uh, uh)  
Diamonds shining, diamonds shining  
Now I keep them VVS's (uh, uh)  
Don't lie, don't lie  
You tryna keep me like a checklist (uh, uh)  
Slow whine, slow whine  
Body cold like a necklace (uh, uh, uh) Me need a lickle bit of your time, and  
Just let me give you keys to my life, and  
Baby girl show me your vibe  
Baby girl show me your light  
Me need a lickle bit of your time, and  
Just let me give you keys to my life, and  
Baby girl show me your vibe  
They control, on control
