

# What Cha' Gonna Do for Me

Chaka Khan

All night and day  
Just chippin' away  
It's all in a day's work  
Tryin' hard to defend  
The time that I spend aloneThe TIME that you lose  
Exploiting the blues  
Won't get the job done  
As hard as it bites  
I'm keepin' my sights on you  
CHORUS:  
What cha' gonna do for me  
What cha' gonna do for me  
What cha' gonna do for me  
When the chips are downIn the cool of the night  
When nothing seems right  
The feeling can take you  
Strange as it seems  
You make your own dreams come trueIf you try to conceal  
The way that you feel  
You're asking for trouble  
Just as sure as I cry  
I'm keeping my eye on youCHORUS (2x)  
You don't have to tell me  
I'm to blame for this  
'Cause what you hold against me  
Is what I miss
