

# Dibs

## Kelsea Ballerini

I know everybody wants you  
That ain't no secret  
Hey baby what's your status?  
And tell me are you trynna keep it?  
Well, they can all back off  
'Cause I know what I want  
And while I've got your attention  
Did I mention:  
If you got a kiss on your lips that you're looking for somebody to take  
hey  
If you got a heart that ain't afraid to love  
Ain't afraid to break  
hey  
If you've got a Friday night free and a shotgun seat  
Well I'm just saying, I ain't got nowhere to be  
So baby I'll take whatever it is you've got to give  
Yeah  
I'll calling dibs  
On your lips  
On your kiss  
On your time  
Boy, I'm calling dibs  
On your hand  
On your heart  
All mine  
Make everybody jealous  
When I take you off the market  
And get my lipstick on your right cheek  
'Cause boy I've got to mark it  
Oooh  
So they can all back off  
Yeah  
'Cause I know what I want  
And while I've got you listening  
Come on and show me what I'm missing  
Yeah  
If you you've got a kiss on your lips that you're looking for somebody to take  
hey  
If you've got a heart that ain't afraid to love  
Ain't afraid to break  
hey  
If you've got a Friday night free and a shotgun seat

Well I'm just saying I ain't got nowhere to be  
So baby I'll take whatever it is you've got to give  
Yeah  
I'm calling dibs  
If you've got a kiss on your lips that you're looking for somebody to take  
Hey  
If you've got a heart that ain't afraid to love  
Ain't afraid to break  
Heyyy  
If you've got a Friday night free and a shotgun seat  
Well I'm just saying I ain't got nowhere to be  
So baby I'll take whatever it is you've got to give  
Yeah  
I'm calling dibs  
On your lips  
On your kiss  
On your time  
Boy, I'm calling dibs  
On your hand  
On your heart  
All mine  
Yeah, boy I'm calling dibs  
On your lips  
On your kiss  
On your time  
Boy, I'm calling dibs  
On your hand  
On your heart  
All mine, yeah  
I'm calling dibs on your lips, on your kiss on your time, boy  
I'm just tryna make you mine, boy  
Ooooh
