

# Dance On a Volcano

## Genesis

Holy mother of God  
You've got to go faster than that to get to the top  
Dirty old mountain all covered in smoke  
She can turn you to stone so you better start doing it right  
Better start doing it right You're halfway up and you're halfway down  
And the pack on your back is turning you around  
Throw it away, you won't need it up there  
And remember, you don't look back whatever you do  
Better start doing it right  
On your left and on your right  
Crosses are green and crosses are blue  
Your friends didn't make it through  
Out of the night and out of the dark  
Into the fire and into the fight  
Well, that's the way the heroes go  
HO! HO! HO! Through a crack in Mother Earth  
Blazing hot, the molten rock  
Spills out over the land  
And the lava's the lover who licks your boots away  
HEY! HEY! HEY!  
If you don't want to boil as well  
B-B-Better start the dance  
D-D-Do you want to dance with me You better start doing it right  
The music's playing, the notes are right  
Put your left foot first and move into the light  
The edge of this hill is the edge of the world  
And if you're going to cross you better start doing it right  
Better start doing it right  
You better start doing it right LET THE DANCE BEGIN!
