## I Can't Lose (feat. Keyone Starr)

## **Mark Ronson**

Oh yeah, alright Oh yeah, all nightWhen I met you last night, baby And you let me roll the dice You said I'd be your lucky lady I hit those numbers all nightI can't lose, I can't lose When I'm 'round you I can't lose, I can't lose Now that I found you Oh yeah, uuh alright I can turn your luck around, baby Ain't no hotter hand in town Come and stake your love on me Come lay it on the line I bet you never felt this way before I bet you never seen so much action on the floor Rollin' fever I'm on fire And tonight I'm going wild You got to be my ace in the holeI can't lose, I can't lose When I'm 'round you I can't lose, I can't lose Now that I found youOh yeah, uuh alright Oh yeah, uuh all night Oh yeah, uuh alright Oh yeah, uuh all night I can't lose, I can't lose When I'm 'round you I can't lose, I can't lose Now that I found youOh yeah, alright Oh yeah, all night Oh yeah, alright Oh yeah, all night
