## Let's Explode

## **Clem Snide**

Love is only for the lovely And such a glamorous thing to waste Wait, I have to fix my makeup Wait'Cause no one likes to see a pretty Face, all sad and twisted up 'Cause the beautiful were never meant to suffer And I'm so beautiful peacock died to color my lips So I dyed my hair in all their sweat But now I'm haunted by these visions of meAnd I don't wanna live forever When the sky is full of little holes Exploding as they take my picture Let's explode And I don't wanna know me better I don't wanna know me better I don't wanna know me better I don't wanna know me better
