

Sausalito Summernight (LP Version)

Diesel

We left for Frisco in your Rambler
The radiator running dry
I've never been much of a gambler
And had a preference to fly You said, "Forget about the airline
Let's take the car and save the fare"
We blew a gasket on the Grapevine
And eighty dollars on repairs All aboard
(Sausalito summernight)
All aboard Hot summer night in Sausalito
Can't stand the heat another mile
Let's drop a quarter in the meter
And hit the sidewalk for a while
I'll have a burger and a root beer
You feed the heap some of the grape
A shot of premium to boot, dear
We'll get across the Golden Gate All aboard
(Sausalito summernight)
All aboard
(Sausalito summernight)
All aboard
(Sausalito summernight)
All aboard Another mile or two to Frisco
200 gallons from LA
The engine's stomping like a disco
We oughta dump her in the bay All aboard
(Sausalito summernight)
All aboard
Cashin' all my checks
Straightenin' out my bank
Spend it on a Rambler
With a wormhole in the tank Look out over here
Watch out over there
Can't afford a blowout
'Cause we haven't got a spare All aboard
(Sausalito summernight)
All aboard
(Sausalito summernight)
All aboard
(Sausalito summernight)
All aboard Hot summer night in Sausalito
Hot summer night in Sausalito

Hot summer night in Sausalito
