

# I Got the Boy

Jana Kramer

I saw your picture in a paper, Honeymoon in Jamaica,  
she's a lucky girl  
You look so grown up in your black tux,  
from a ball cap in a pick up, seems like another world  
You and me and our big dreams, falling in love  
We were two kids in the backseat, all fearless and young I got the first kiss and she'll get the last  
She's got the future, I got the past  
I got the class ring, she got the diamond and wedding band  
I got the boy, she got the man  
Yeah there's an old you that I knew,  
Fake IDs to get into those spring break bars  
Back woods on a four wheel, hanging on tight,  
I can still feel my racing heart  
And now you're cleaned up with a hair cut, nice tie and shoes  
If things were different and I had a choice, which would I choose? I got the first kiss and she'll  
get the last  
She's got the future and I got the past  
I got the class ring, she got the diamond and wedding band  
I got the boy and she got the man  
I got the first kiss and she'll get the last  
We each got something, the other will never have  
I got the long hair, hot head  
She got the cool and steady hand  
I got the boy and she got the man  
I got the boy and she got the man
