

Save Yourself, I'll Hold Them Back

My Chemical Romance

Are you all ready where you are?
Are you all ready where you are?
Are you all ready where you are?Na na na na na
Na na na na na
Na na na na na
Na na na na na(Right now!)
I hope you're ready for a firefight
'Cause the devil's got your number tonight
(They say!)
"We're never leaving this place alive"
But if you sing these words, we'll never die
Get off the ledge and drop the knife
Not a victim of a victim's life
Because this ain't a room full of suicides
We're believers, I believe tonightWe can leave this world, leave it all behind
We can steal this car if your folks don't mind
We can live forever
If you've got the timeNa na na na na
Na na na na na (If you save yourself tonight)
Na na na na na
Na na na na na (If you save yourself tonight)I'll tell you all how the story ends
Where the good guys die and the bad guys win
(Who cares?)
This ain't about all the friends you made
But the graffiti they write on your grave
For all of us who've seen the light
Salute the dead and lead the fight (Hail, hail!)
Who gives a damn if we lose the war?
Let the walls come down, let the engines roarWe can leave this world, leave it all behind
We can steal this car if your folks don't mind
We can live forever
If you've got the time (Whoa!)I'm the only friend that makes you cry
You're a heart attack in black hair dye
So just save yourself and
I'll hold them back tonightAre y'all ready where you are at?
If you save yourself tonight ('Cause we're coming for you)
Can you save yourself tonight?
Right now! 'Cause I'll hold them back!We can leave this world, leave it all behind
We can steal this car if your folks don't mind
We can live forever
If you've got the time (You motherfucker! Whoa!)You're the broken glass in the morning light
Be a burning star if it takes all night

So just save yourself and
I'll hold them back tonightNa na na na na
Na na na na na (If you save yourself tonight)
Na na na na na
Na na na na na (Can you save yourself tonight?)
