

# American Dream

MKTO

Mmm...We broke down trying to leave town  
Driving down the road to change  
We were born to run, Cali here we come  
Escape from nowhere USASay goodbye to white picket fences  
Say hello to palm trees and Benzes  
They say you have to fall to have it all(Mmm...)Yeah, well we don't want two kids and a wife  
I don't want a job I just want a life  
They say the underdogs rise  
And the mighty'll fall  
This ain't the same summer song that you used to know  
'Cuz Jack left Diane thirty years ago  
The world is spinning too fast for you and me  
So tell me whatever happened to the American dreamI know a girl I met her last night  
She was fresh off the plane  
She whispered in my ear,  
"Baby come near I'll do anything to make a name"Baby, take my hand follow me 'cuz  
I don't wanna hurt you but he does  
I just wanna give you some real advice(Listen baby, mmm)Look, never take candy from a  
stranger  
And keep your eyes open for danger  
'Cuz this right here is the twisted paradise  
This ain't the same summer song that you used to know  
'Cuz Jack left Diane thirty years ago  
The world is spinning too fast for you and me  
So tell me whatever happened to the American dreamNa na na This ain't the same summer song  
that you used to know  
'Cuz Jack left Diane thirty years ago  
The world is spinning too fast for you and me  
So tell me whatever happened to the American dreamThis ain't the same summer song that you  
used to know  
So baby, let's live and die before we're getting old  
You know that nothing is the way it used to be  
So tell me whatever happened to the American dreamNa na na
